

Product Information

We can provide green tea products, not only as retail products but also as bulk purchases. Changing packaging to suit your business needs is also fine. Please feel free to contact us if you have any questions regarding our products.

Sunpu Takumi Sencha Series

The tea leaves are produced in the Honyama area of Shizuoka, Japan. Famous Japanese Shogun, Ieyasu Tokugawa, loved the green tea produced from this area. The product is a commemoration to a designated shrine as a national treasure, and the shrine is dedicated to him. It is the deep-steamed green tea which has a rich green colour and a rich and mellow taste.

Organic Sencha Series

We have certified organic factories and can produce organic green tea products.

The masters of green tea in Shizuoka spent more time and effort than usual managing a tea plantation so that they can produce the tea in a near natural environment. These leaves are sourced from the tea plantation.

The powder is made from 100% Japanese organic green tea leaves, so you can enjoy the benefits of catechin directly. You can also enjoy it as a drink, in dishes, and in desserts.

Genmaicha Series

Genmaicha is made from the combination of roasted rice and green tea. Genmaicha is sweeter than green tea because the roasted rice has been added. It is less bitter than other green tea and is low caffeine, so people of all ages can include the tea in their diet every day. The special savoury fragrance of the roasted rice together with the refreshing taste of the green tea goes well with wide range of dishes.

How to make Matcha and Hojicha Latte

1. Add a teaspoon of the powder (about 4g) to your cup.
2. Pour 20ml of hot water into it and stir.
3. Pour 80ml hot or cold milk and add sugar.
4. Stir and then enjoy! (You can adjust the amount of milk and sugar for your preference)

Premium Sencha Box (Product no. 001)

Description	Green tea	Best before	1 year
Ingredients	Green tea	Storage condition	Room temperature
Net	100g	OEM	Available

Premium Sencha Boxes contain two types of Japanese green tea leaves, produced in Shizuoka prefecture, Japan.

Contained within this golden tube, is Gyokuro whose tea leaves were grown in shaded areas and take extra time and effort to grow. Its special aroma and rich, sweet taste provides a luxurious experience for you.

Inside this silver tube, you will find

Sunpu Takumi Sencha. The leaves are produced in the Honyama area of Shizuoka. Famous Japanese Shogun, Ieyasu Tokugawa, loved this particular green tea produced in this area. It is a deep-steamed green tea which has a bright green colour and a rich and mellow taste.

The boxes were designed to represent and portray the traditional and beautifully crafted bento boxes of Shizuoka.
